

The Truth About ME: It's not Rocket science. It's Neuroscience.

Price: £12.99

Short Description

For all those living with chronic illness. Catherine's long battle with ME shouldn't be laugh out loud, but somehow it is.

Description

This extraordinary book: a compelling autobiography that skilfully navigates the intricate maze surrounding chronic illness. It is both enlightening and humorously poignant. As a true advocate and pioneer for those grappling with chronic health conditions.
