

**THE EUROPEAN UNION IS
FAILING PEOPLE ACROSS EUROPE.**

Each and every day, from France to Greece, people are standing up against EU austerity. We can help them by proving that there is another way.

**We need
change!**

ON THURSDAY 23RD JUNE

VOTE FOR HOPE AND CHANGE

VOTE TO LEAVE

Vote to **LEAVE** the EU on Thursday 23rd June

BSE (Britain Stronger in Europe) want us to believe the EU is about working together.

But what is the EU's real story?

Youth unemployment, pensions cut, suicides, and hospitals without medicines.

This is what the EU is doing to Greece. The austerity measures demanded by the EU are causing harm and social unrest. It is not just Greece, that is hurting. It is also Italy, Cyprus, Spain, Portugal and Ireland.

EU austerity is devastating the lives of young people, creating a lost generation.

Youth unemployment in **Greece = 53%; Italy = 44%; Spain = 58%; Portugal = 37%.**
To find work people from all over Europe are being used as cheap labour, driving down the wages of working people.

The EU is using British taxpayers' money to bankroll this failing system.

This liability has grown to nearly **£3,000 per household in the UK.**
The EU's financial system is bankrupting Europe. Yet, we are having to support these devastating policies. Allowing the EU to keep pushing around the people of Europe.

Developing nations are hurt by EU protectionism.

The Common Agricultural Policy raises the cost of your weekly shop by over £1,000 per year. Oxfam criticize the CAP as it denies farmers in poorer countries the opportunity to sell to us.
It undermines their livelihoods by dumping cheap produce in their home country.

SO WHO BENEFITS? Brussels is a good gig if you can get it.

10,000 European Union officials are paid more in salaries and allowances than the British Prime Minister who earns £142,000 per year.

The EU works for lobbyists from multi-national corporations.

- Directive 91/440/EC requires Britain to keep the railways private.
- EU Court rulings - Viking Line and Laval - restrict union rights.
- Multi-national corporations use EU tax rules to push down their tax bill. Putting more of the tax burden on you.

IF YOU VOTE TO REMAIN YOU ARE SUPPORTING THIS

The EU puts politics before people. We cannot remain on this course. Voting to Remain will be to give political cover to the real EU and support Brussels and Frankfurt taking more control over peoples' lives.
